CAROLINE MCCLASKEY

**Spanish, B.A. &
International
Studies, B.A.**

LJWL MEMORIES

One of the most impactful moments for me was when Professor Bennett showed us a documentary about a non-profit Lemonade International, which does amazing work in a slum in Guatemala City. Our class had the opportunity to donate to the non-profit and to meet the founder over Zoom. I was so inspired that I used it as the topic for a project in one of my International Studies classes.

WHAT'S NEXT

I plan to continue my paid internship with the San Diego County Board of Supervisors this summer and pursue a full time position with the County of San Diego!

HOPE FOR THE FUTURE

I hope to continue engaging in meaningful work with the government or a non-profit organization. I also would love to return to Costa Rica one day to visit my host family and travel around Latin America/ the world!
