LJWL MEMORIES

I will always remember going to Tijuana with my advanced reporting class where we heard from the reporters at *ZETA*, a local newspaper that covers cartel violence. I will also always have fond memories of going to high tea with Dr. Pate and the rest of the Writers' Studio tutors.

WHAT'S NEXT

I plan to work in journalism after graduation and am looking forward to taking all of the skills, lessons, and connections from the LJWL department with me into the next stage of life!
