LJWL MEMORIES

The first ice cream social back from the COVID semesters was really special. I got to meet some professors and peers in person for the first time instead of via Zoom and chat over yummy treats. I really felt like part of the LJWL community at that event and have felt seen and accepted at every similar event since.

WHAT'S NEXT

I see more school in my future (I really love school), but I'll also be doing some traveling in New York City and Maui soon after graduation!

HOPE FOR THE FUTURE

I hope for a fulfilling career that sees me writing and creating art that satisfies me and brings joy to others. I also hope for another opportunity to go to Europe and do some writing there.
