LJWL MEMORIES

I will never forget that two best friends of mine asked me to join their FRE 1001 class during the fall semester of my freshman year. I became a double major in French and Spanish thanks to them and the encouragement of the professor, Dr. Lescart.

WHAT'S NEXT

After graduation, I plan to become a teacher of language and culture.

HOPE FOR THE FUTURE

I hope for a happy, peaceful and love-filled life for myself and all others.
